Wilmington, DE

March 10-12, 2020

Members, please share
this document with your
colleagues and leadership
to get some innovative
conversations started at
your own company.

Participating Companies

CORPORATE ENTREPRENEUR COMMUNITY THANK YOU

Thank you to all of our Corporate Entrepreneur Community members and friends who participated in our meeting earlier this month in Wilmington, Delaware.

And we'd like to again thank Tyler Ames and his team at DuPont for their commitment to our community and the effort they put into hosting our event.

The dialogue and camaraderie, including the deep dives we covered, were truly exceptional. These trusted and caring interactions are what makes the CEC unique.

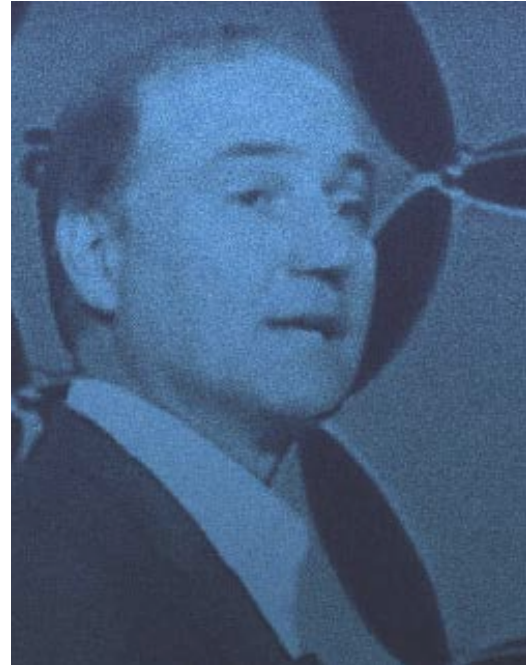

As we work through these challenging times, the value of our community has never been more apparent. It has been tremendously rewarding for the CEC team to see our members support each other as we navigate through new uncharted territory.

Everyone's continued support of the Corporate Entrepreneur Community is truly appreciated!

We're looking forward to the next CEC meeting hosted hopefully in person, by Munich RE at their US Headquarters in Princeton, NJ (August 3-5, 2020).

STEVE LIGUORI & ERIC RIES

Co-Founders of the CEC

The full meeting recap is available to members only.
