# CORPORATE ENTREPRENEUR COMMUNITY THANK YOU

Thank you to all of the attendees of our summer Corporate Entrepreneur Community meeting.

While our in-person, member hosted events are always special, by all accounts our virtual meeting was a huge success. And it's because of all of you. So thank you.

And of course, a special thank you goes to Jean, John and the entire team at Munich RE for all of their planning, and for candidly sharing their work building an innovation program across Munich RE.

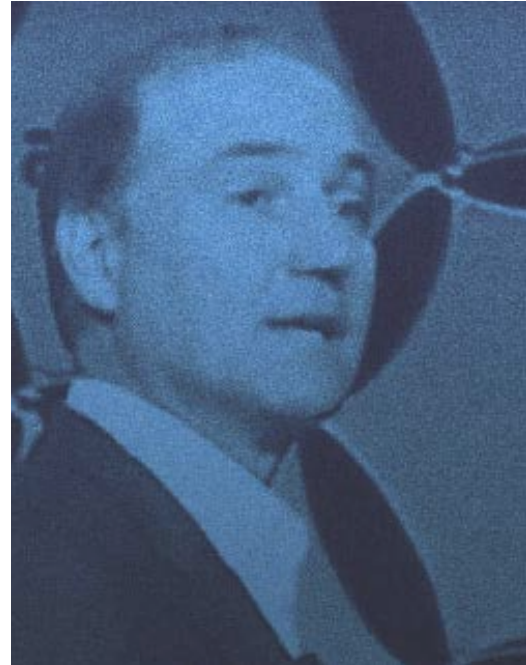

From our guest speakers, to the inside view of the Munich RE Incubator 2.0 – all of our collaborative discussions covered important topics and gave us all the opportunity to learn from each other. This has always been the mission of the CEC.

And your ideas and suggestions about how to keep our community strong during unsettling times has us excited about planning the next few months.

But most importantly, thank you to each of you for your continued support of the Corporate Entrepreneur Community.

Enjoy the rest of the summer and we look forward to seeing everyone soon.

**STEVE LIGUORI & ERIC RIES**  
Co-Founders of the CEC

# INNOVATION AT MUNICH RE AND THEIR INCUBATOR 2.0

**JEAN VERNOR**  
Head of Incubator

Munich RE, founded in 1880, is one of the largest global insurance and reinsurance companies.

Jean Vernor leads their Incubator 2.0 program, which is responsible for identifying and building new businesses that will contribute to future growth, relevance and profitability for the company.

As host of our meeting, Jean and the team offered an inside look to the community of the history of Munich RE, why they created the Incubator and the tools and structure they deploy to manage it.

## Global Scope with 50+ Offices Worldwide
